Dear Friends and Clients,

I can't believe I've kept this a secret for so long. You see over the years, my best clients have needed a way to keep track of their oil changes, so I created the Car Care Club Card. Well, over time I added a special here and a special there until now, I'm giving away \$425.00 worth of car repair for only \$99 (less than the cost of four oil changes)...

...But I'm not keeping it a secret anymore!

Here's what you get:

- ✓ 2 Free Oil Changes Including Oil and NAPA Silver Filter (a \$27.95 retail value)

...membership does have its privileges. Heck, the **oil changes** alone will more than pay for the card, and you gotta get them done whether you purchase it or not.

And, there is no risk to you. Every now and then one of my “insider” clients would purchase the Car Care Club Card and move away or simply stop driving, and I would gladly give them all of their money back for an unused card. Well, I will certainly give you the same **NO RISK GUARANTEE** if you invest in the card and for any reason can't or don't use it, just bring it back to me and I'll gladly give you the money you invested back. No questions asked... Incredible!

You're probably saying to yourself, "Ok, what's the catch?" Well, here it is. I can't afford to have too many of these cards in circulation. The discounts would put me out of business... so I've got a limited number available and when they're gone, I am not going to print more... So if you'd like to take advantage of this special you've got to act **NOW!**

Just fill out the order form below and fax it back to the number listed. Your credit card will be charged by Ayers Automotive Repairs and you will receive your Car Care Club Card in the mail within 2 weeks... it is just that simple, but...

**...Remember when the limited number of available cards are gone...
this special is over, forever!**
